---

†Original Notice of the Question was received in Hindi.

THE MINISTER OF STATE IN THE MINISTRY OF RAILWAYS (SHRI DIGVIJAY SINGH): (a) and (b) The post-budgetary developments of levy of cess and hike in prices of HSD oil, retrospective revision of tariff by some of the State Electricity Boards, higher rates of incentive bonus to workshop staff, revision of family planning allowance, damage caused by Orissa cyclone etc. had put an additional burden of around Rs. 900 cr. on the Ordinary Working Expenses of the Railways during 1999-2000. Apart from this, there was also a higher requirement of Rs. 800 cr. for pensionary charges arising from implementation of the recommendations of the V Central Pay Commission.

While Railways have been able to absorb the impact of post-budgetary developments, except the higher requirements for pensionary charges, within the existing provision for Ordinary Working Expenses by implementation of an Action Plan aimed at reducing expenditure through economy and austerity measures in areas of staff, fuel, stores, contractual payments, contingencies and other miscellaneous expenditure, Plan Expenditure has also been scaled down by Rs. 735 cr. With this and draw-down from Railway Fund balances of Rs. 1000 cr., Railways expect that their receipts in 1999-2000 will cover their expenditure, both plan and non-plan. Railways will continue to implement economy and austerity measures in the current year too.
